It's been seven years!

I thought I was over it...

SHAKE

SHAKE

I've been a shut-in for seven years.

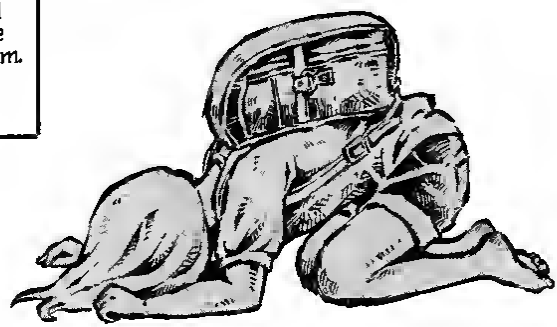
Yesterday, I finally came out of my room.

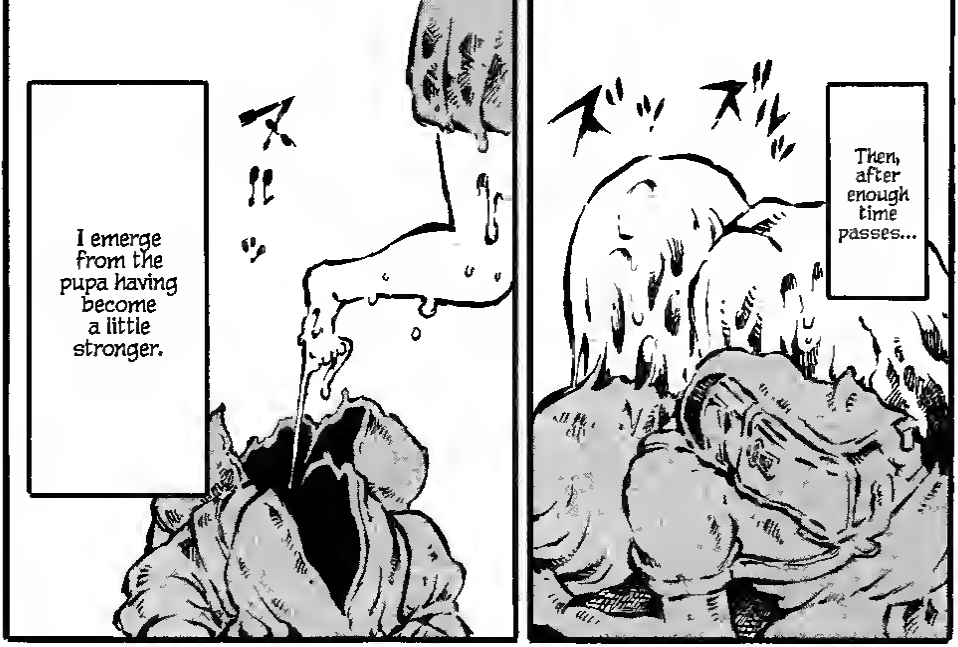
What am I gonna do?

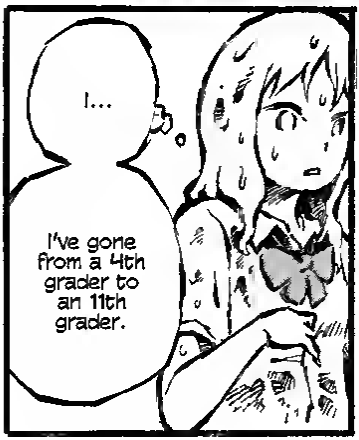
What am I gonna do?

My body has a natural defense mechanism.

Whenever something bad happens to me, my body hardens into a kind of pupa.

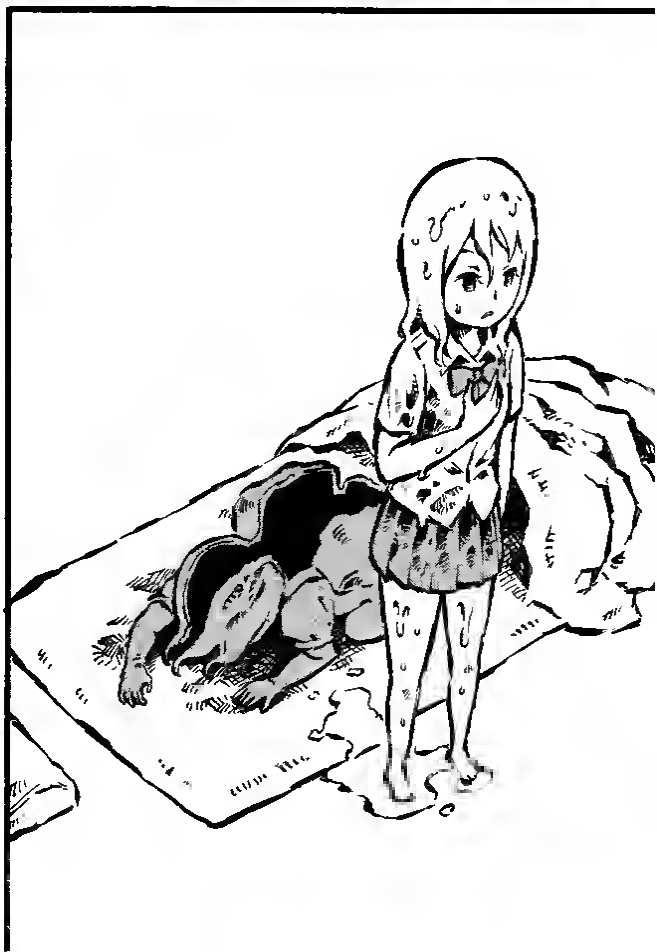


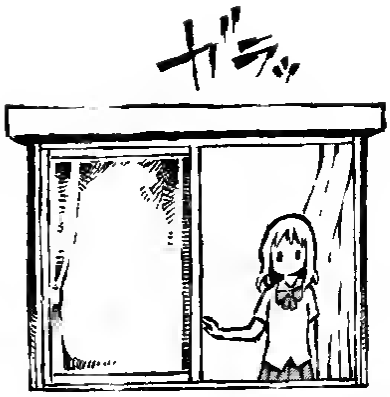




Sometimes it only takes thirty minutes for me to emerge.

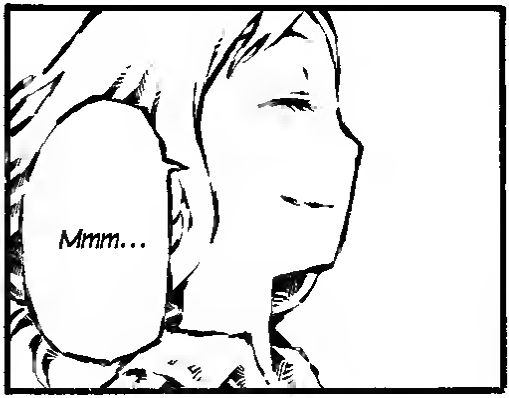
But this time, it took seven years.





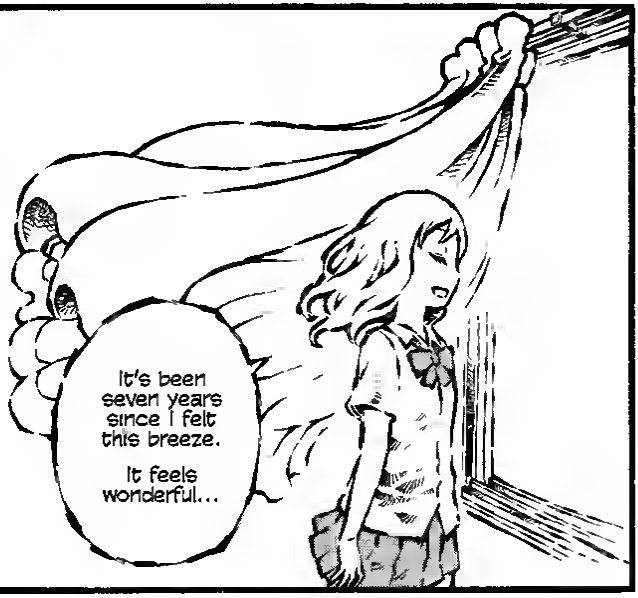
The deeper the wounds that were inflicted on me, the longer I have to stay inside the pupa to heal.

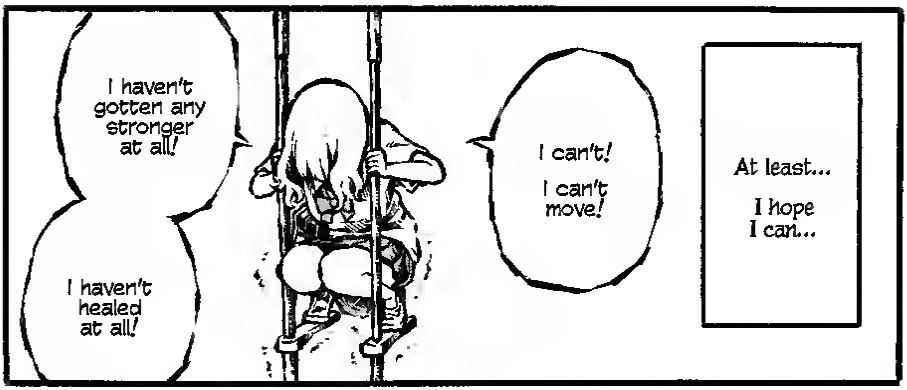
The length of time that I stay in the pupa depends on the severity of the event that happened to me.



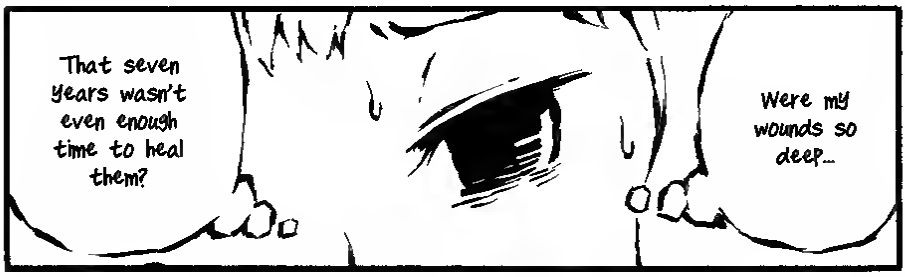
Now I must be all right!

I can move forward with my life!

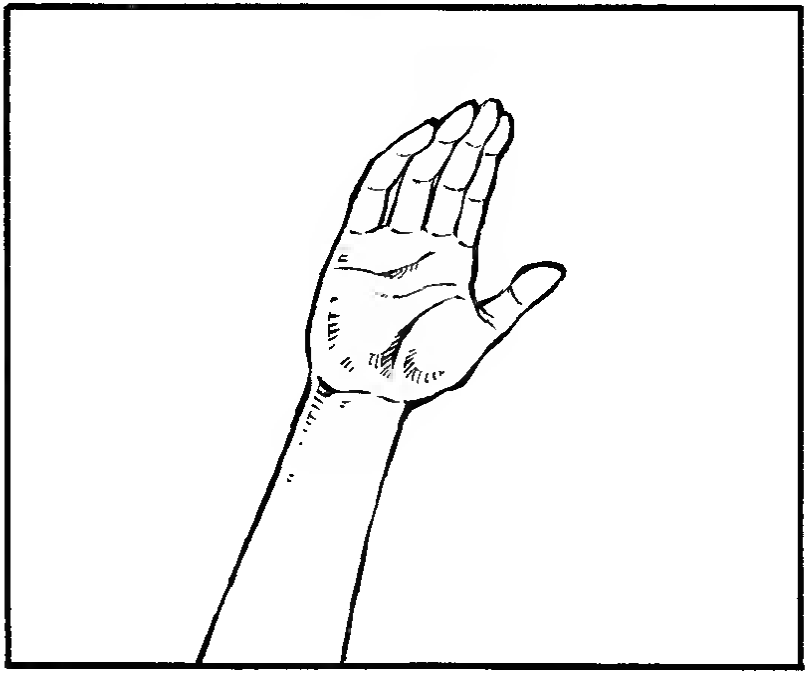


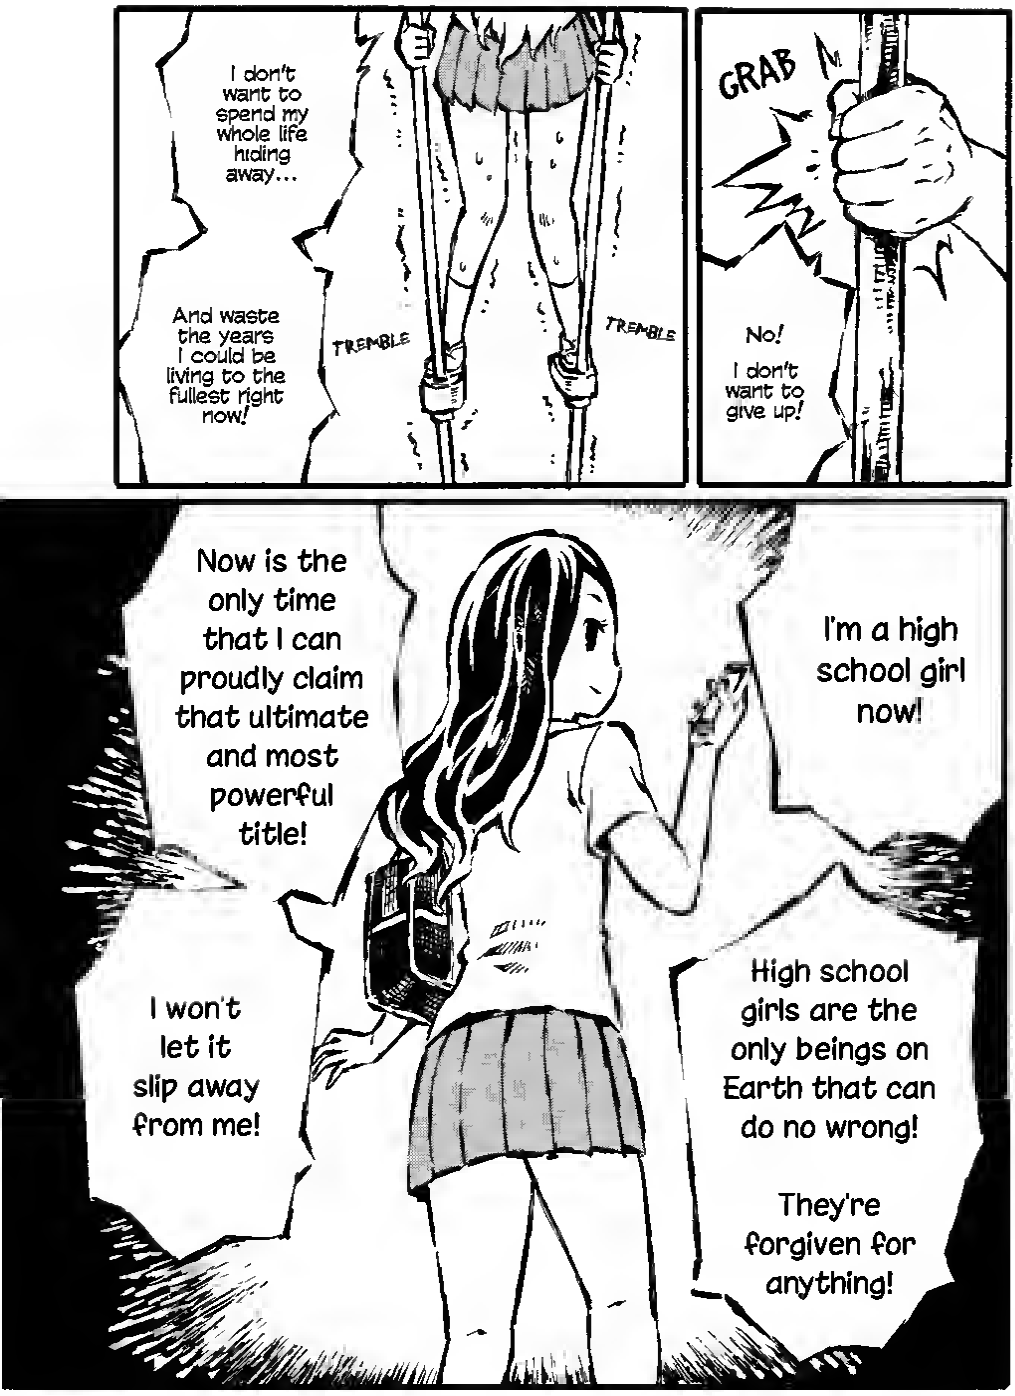


I haven't gotten any stronger at all!
I haven't healed at all!
I can't!
I can't move!
At least...
I hope I can...



That seven years wasn't even enough time to heal them?
Were my wounds so deep...





I don't want to spend my whole life hiding away...
And waste the years I could be living to the fullest right now!

They're forgiven for anything!

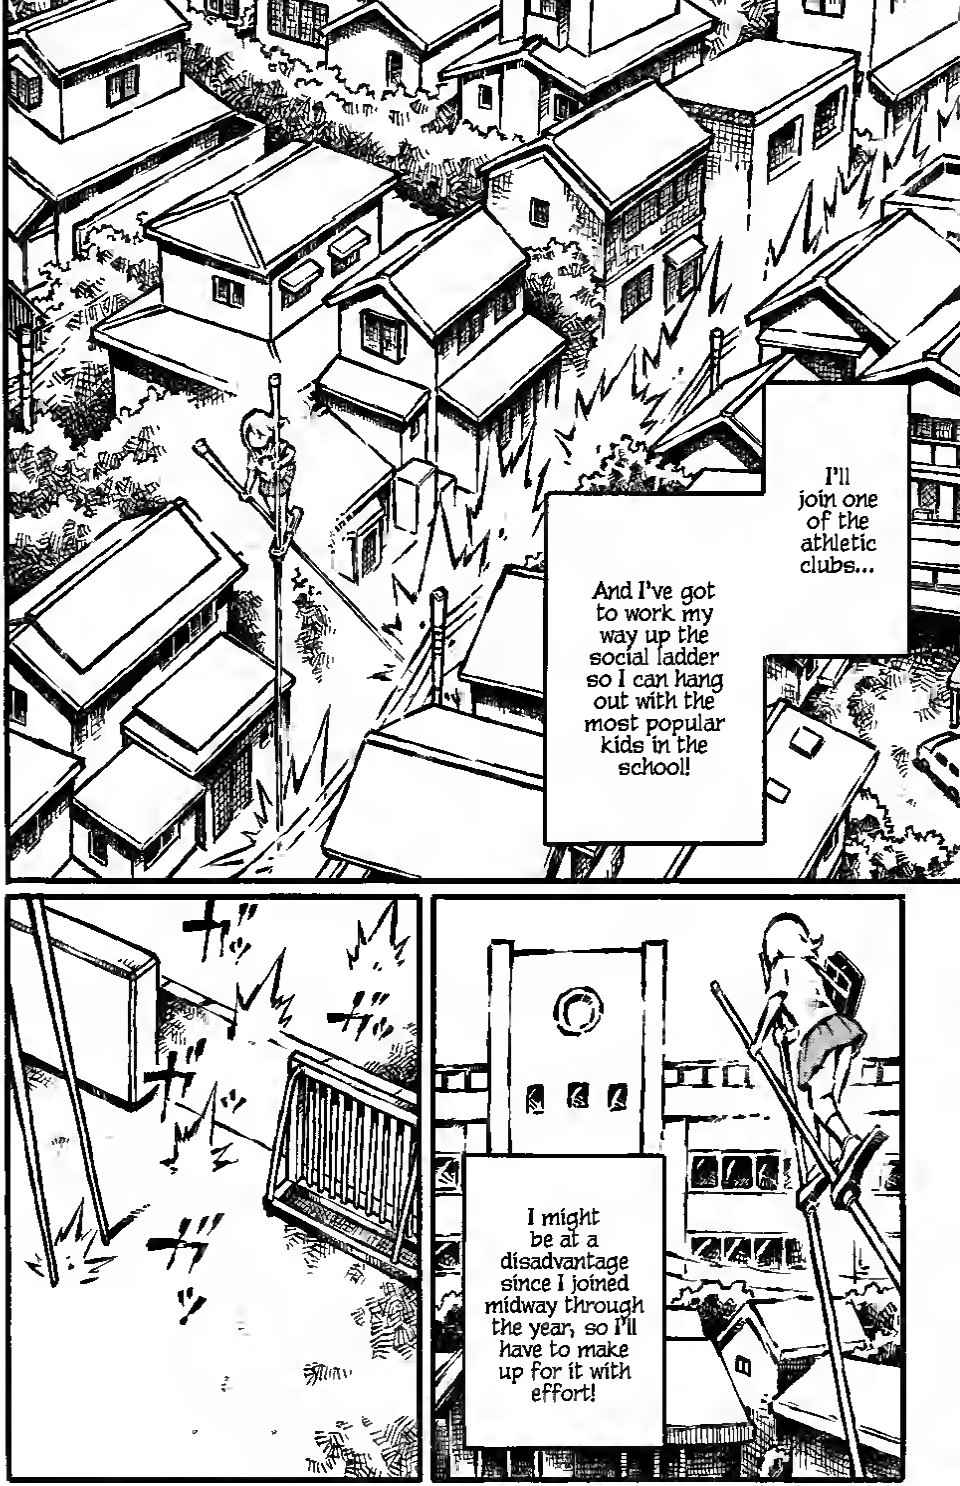
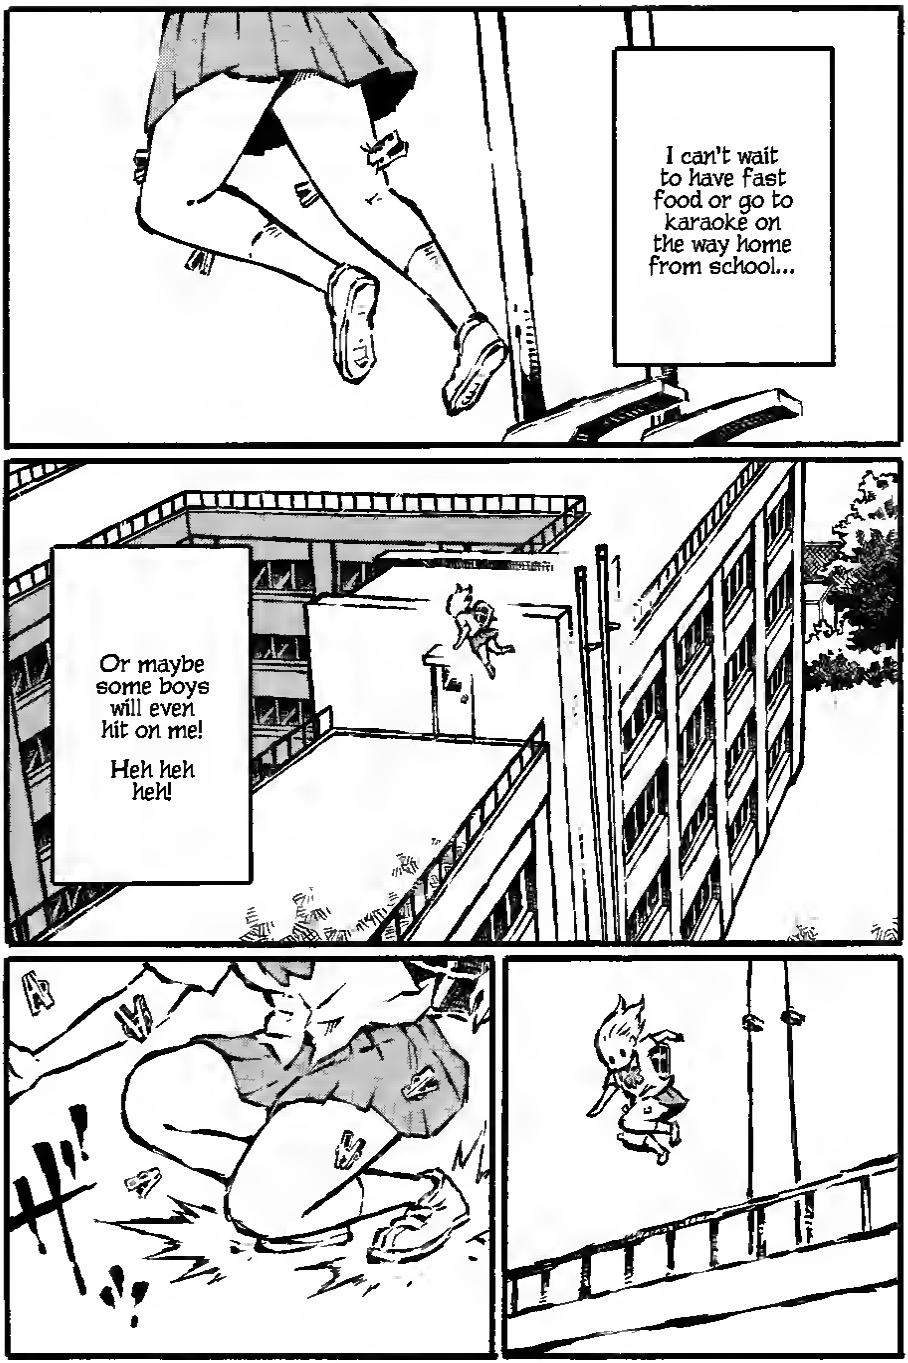
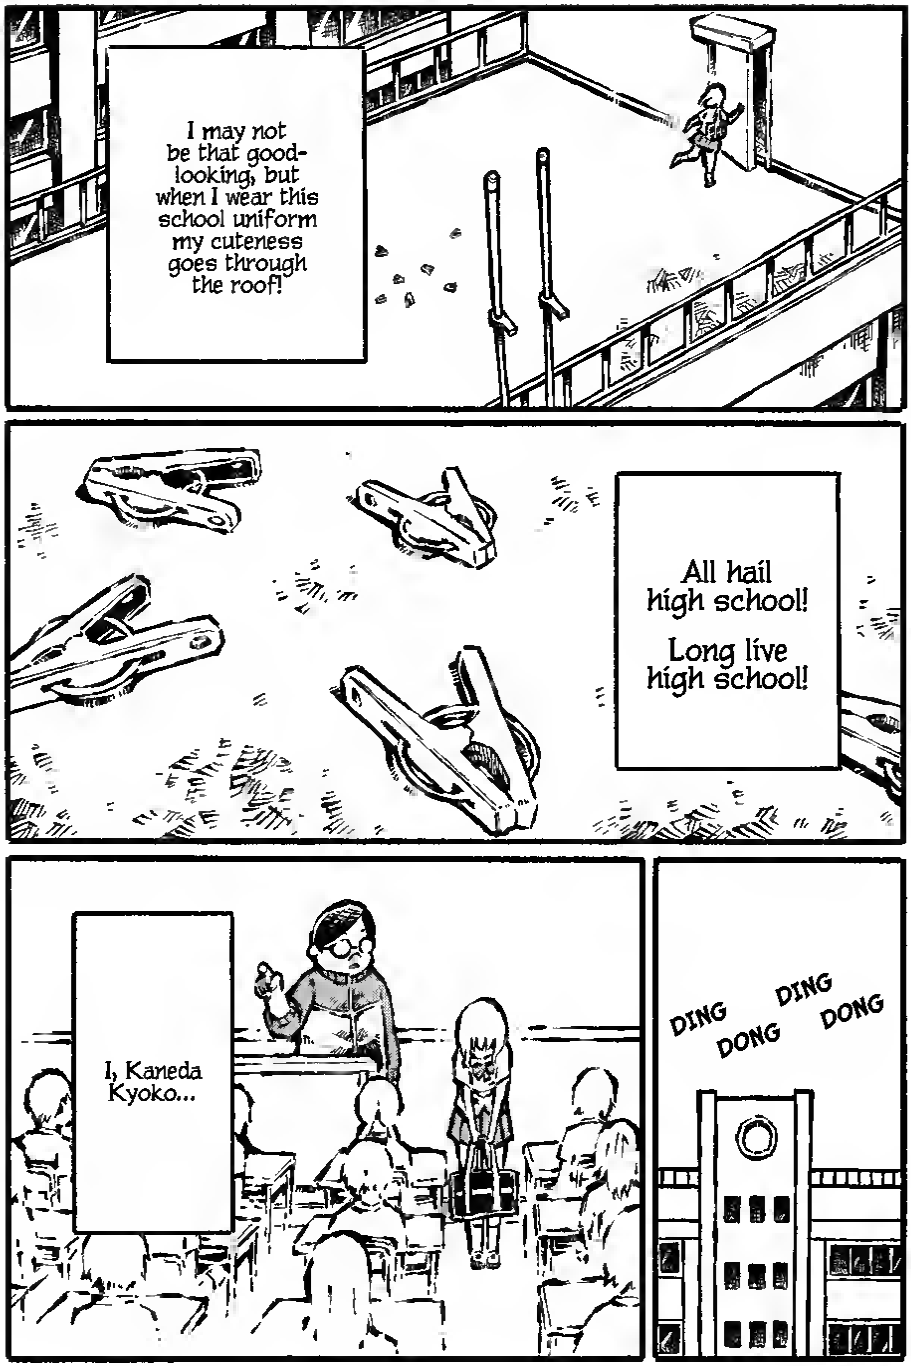
my high school life be like?



I'll join one of the athletic clubs...
And I've got to work my way up the social ladder so I can hang out with the most popular kids in the school!
I might be at a disadvantage since I joined midway through the year, so I'll have to make up for it with effort!



I can't wait to have fast food or go to karaoke on the way home from school...
Or maybe some boys will even hit on me!
Heh heh heh!



I may not be that good-looking, but when I wear this school uniform my cuteness goes through the roof!
All hail high school!
Long live high school!

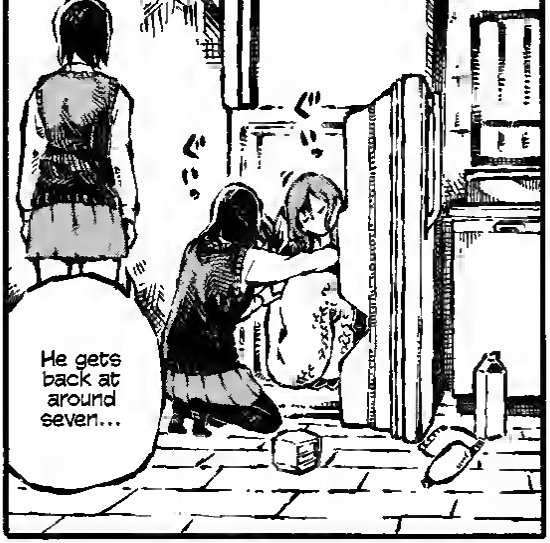
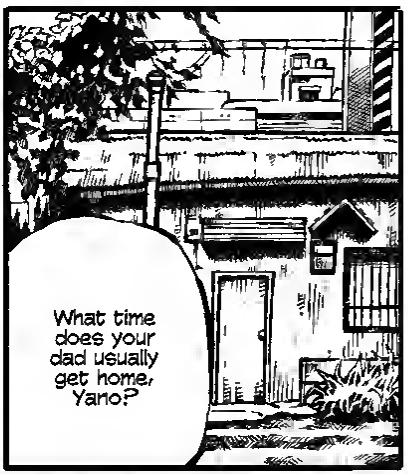
I'll carry her upper body, so you take the lower body.
Huh!?
Isn't it obvious? We're gonna carry her home.
What are you gonna do?

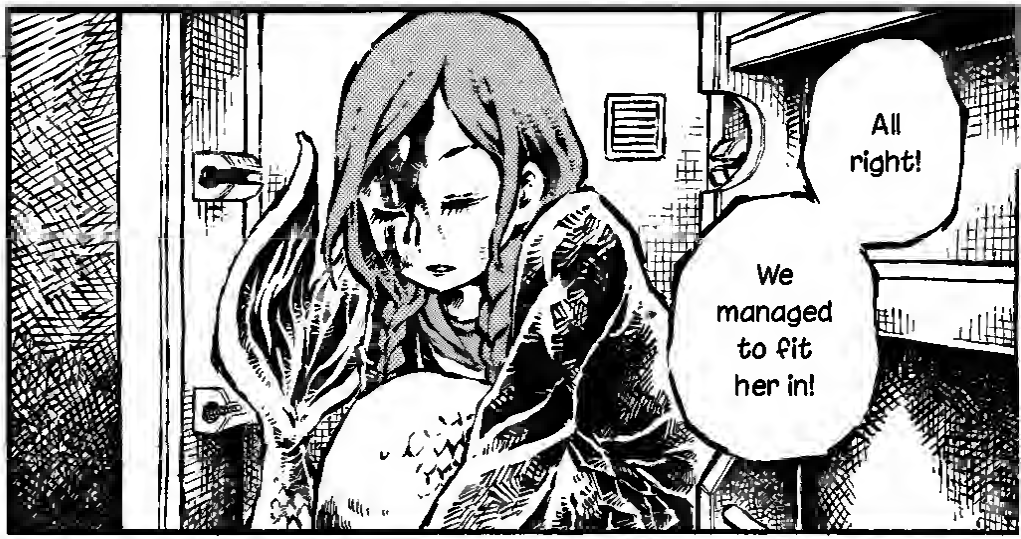
Anyway, let's take her to your place for now.
Why my place!?
My parents run a home business, so they're usually hanging around the house.



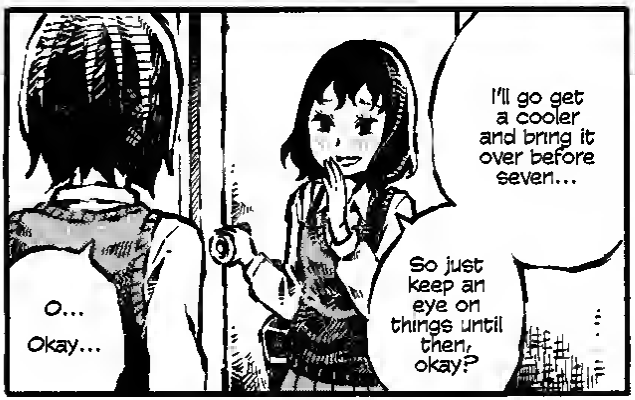
He gets back at around seven...



SFX: PUSH PUSH
What time does your dad usually get home, Yano?



All right!
We managed to fit her in!



I'll go get a cooler and bring it over before seven...
So just keep an eye on things until then, okay?

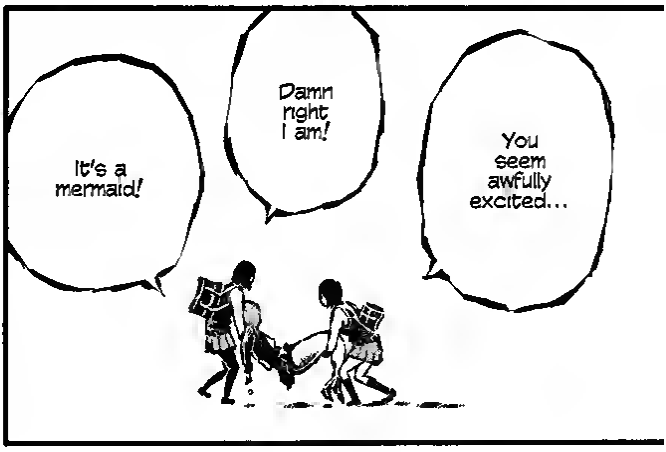
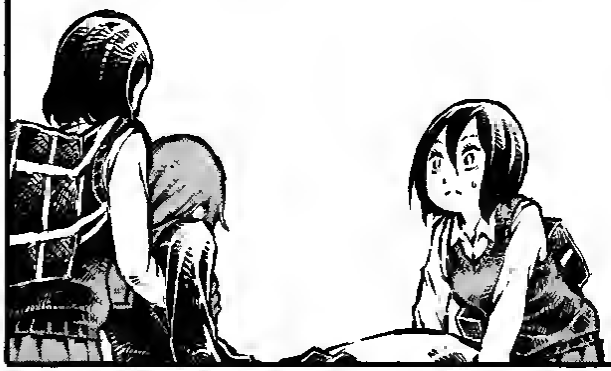
Yep, it sure is!

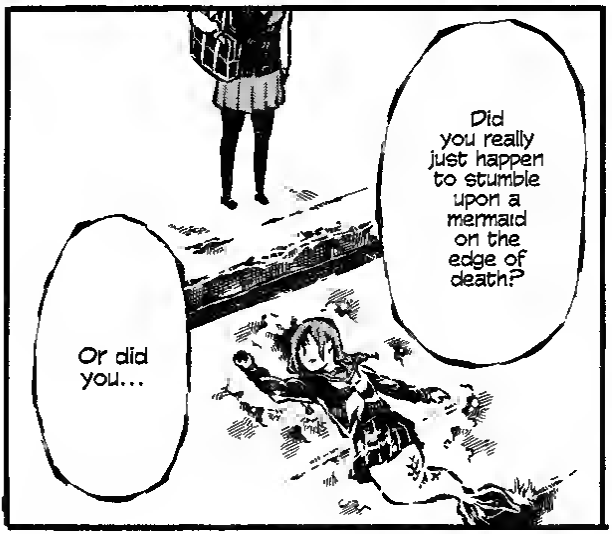
Don't you remember what they say about mermaids in fairy tales and stuff?
No, what?



It's a mermaid!
Damn right I am!
You seem awfully excited...

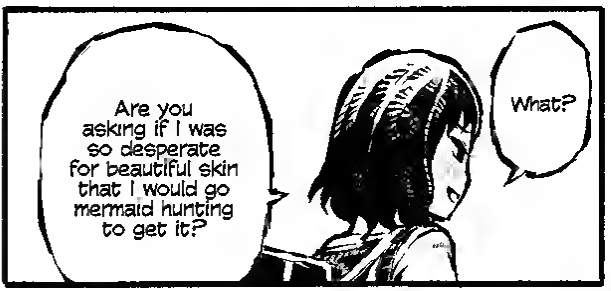
If you eat the flesh of a mermaid, they say you'll get beautiful skin.
...I thought you became immortal or something, right?
Well, they're pretty much the same thing!
Wait a minute...
Don't tell me you're planning on eating her, are you?
Of course I am.



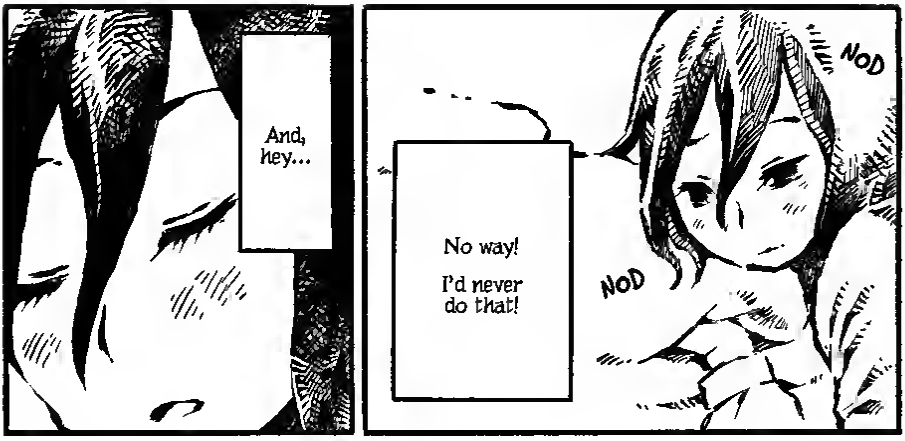


Did you really just happen to stumble upon a mermaid on the edge of death?
Or did you...

Umm...
Maybe this is a silly question, but...



What?
Are you asking if I was so desperate for beautiful skin that I would go mermaid hunting to get it?



Even if I did, does it really matter? Ha, ha...

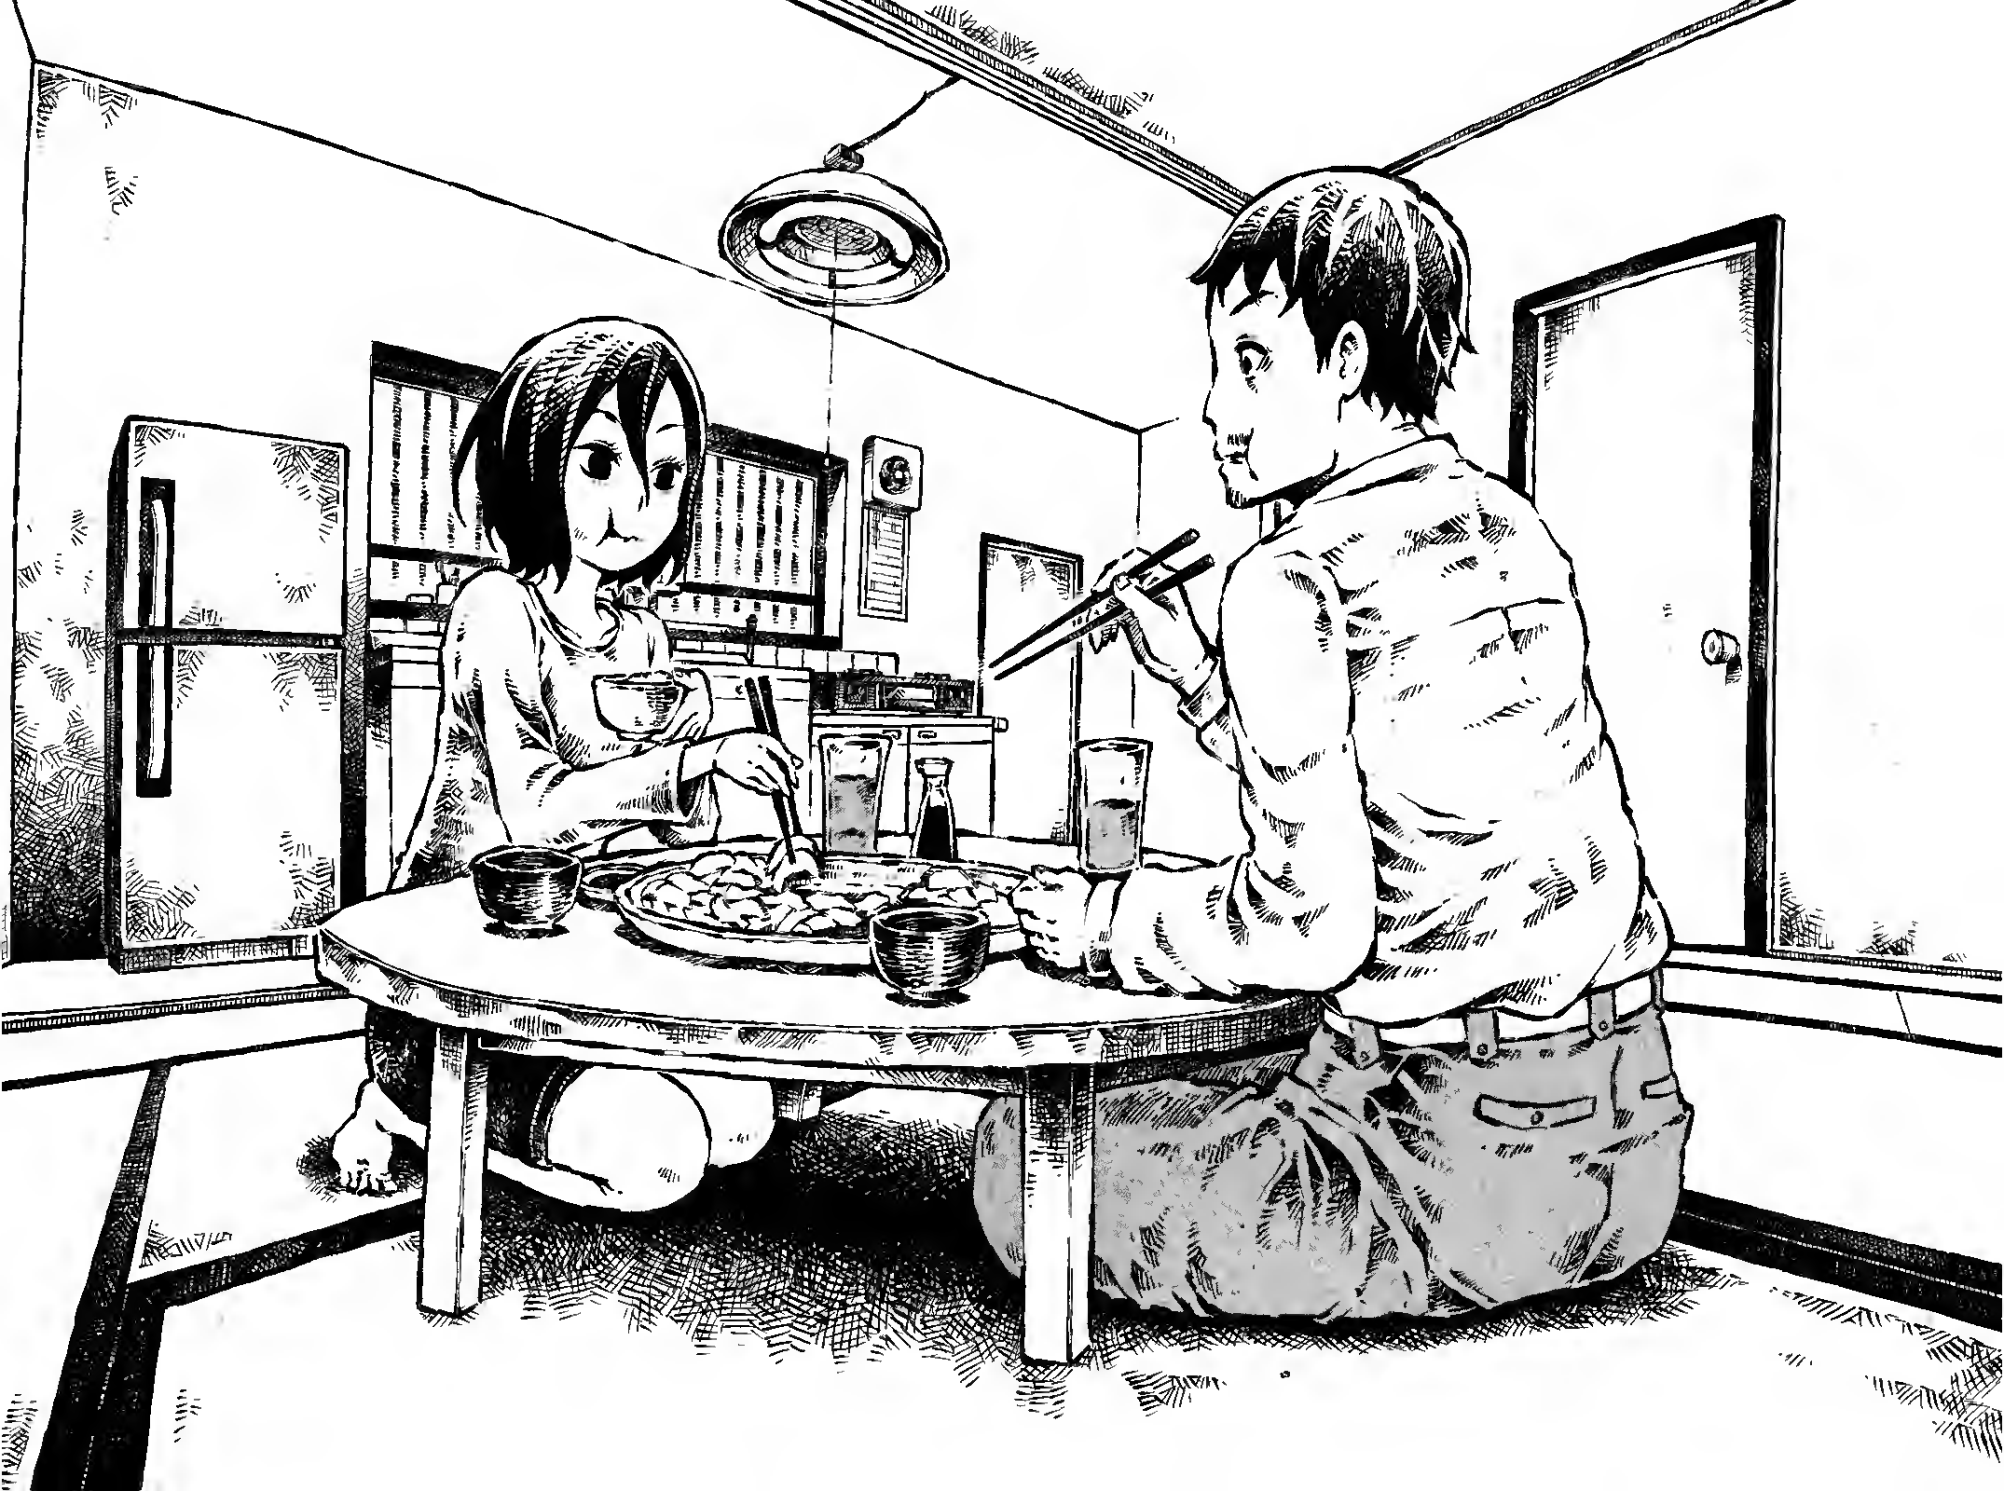
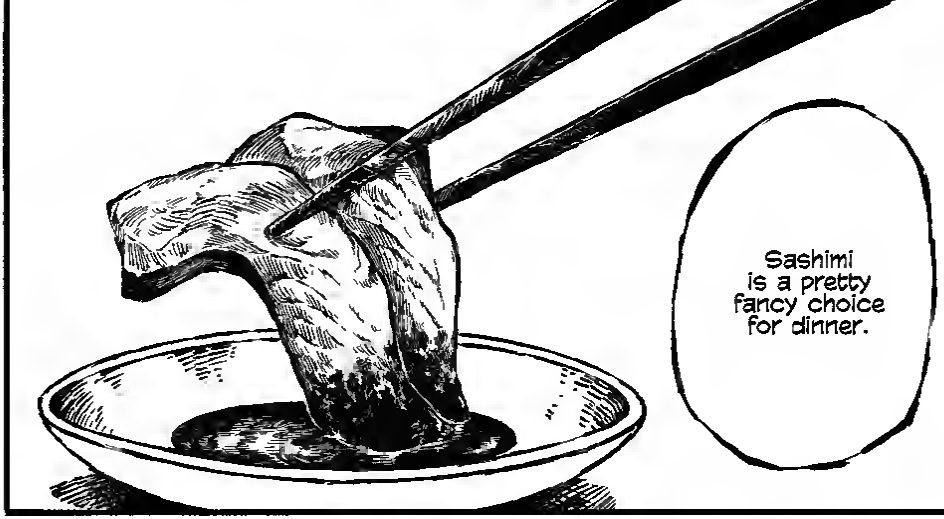
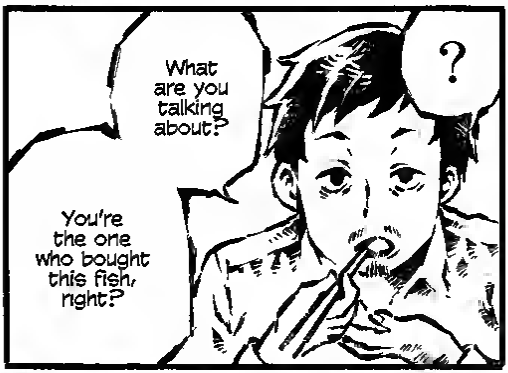
I must have fallen asleep...
I'll go get dinner ready!
Look at how late it is!
I'm sorry!
Come on, let's eat.
No, don't worry about it.
I already made dinner.



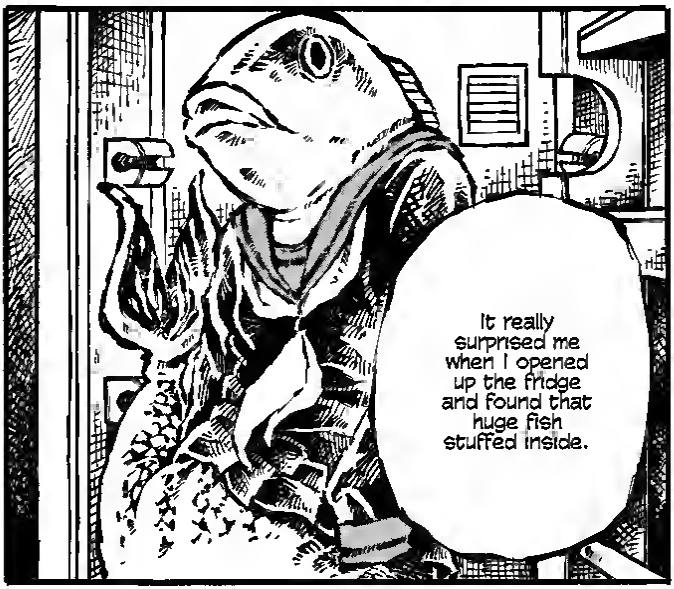


Sashimi is a pretty fancy choice for dinner.



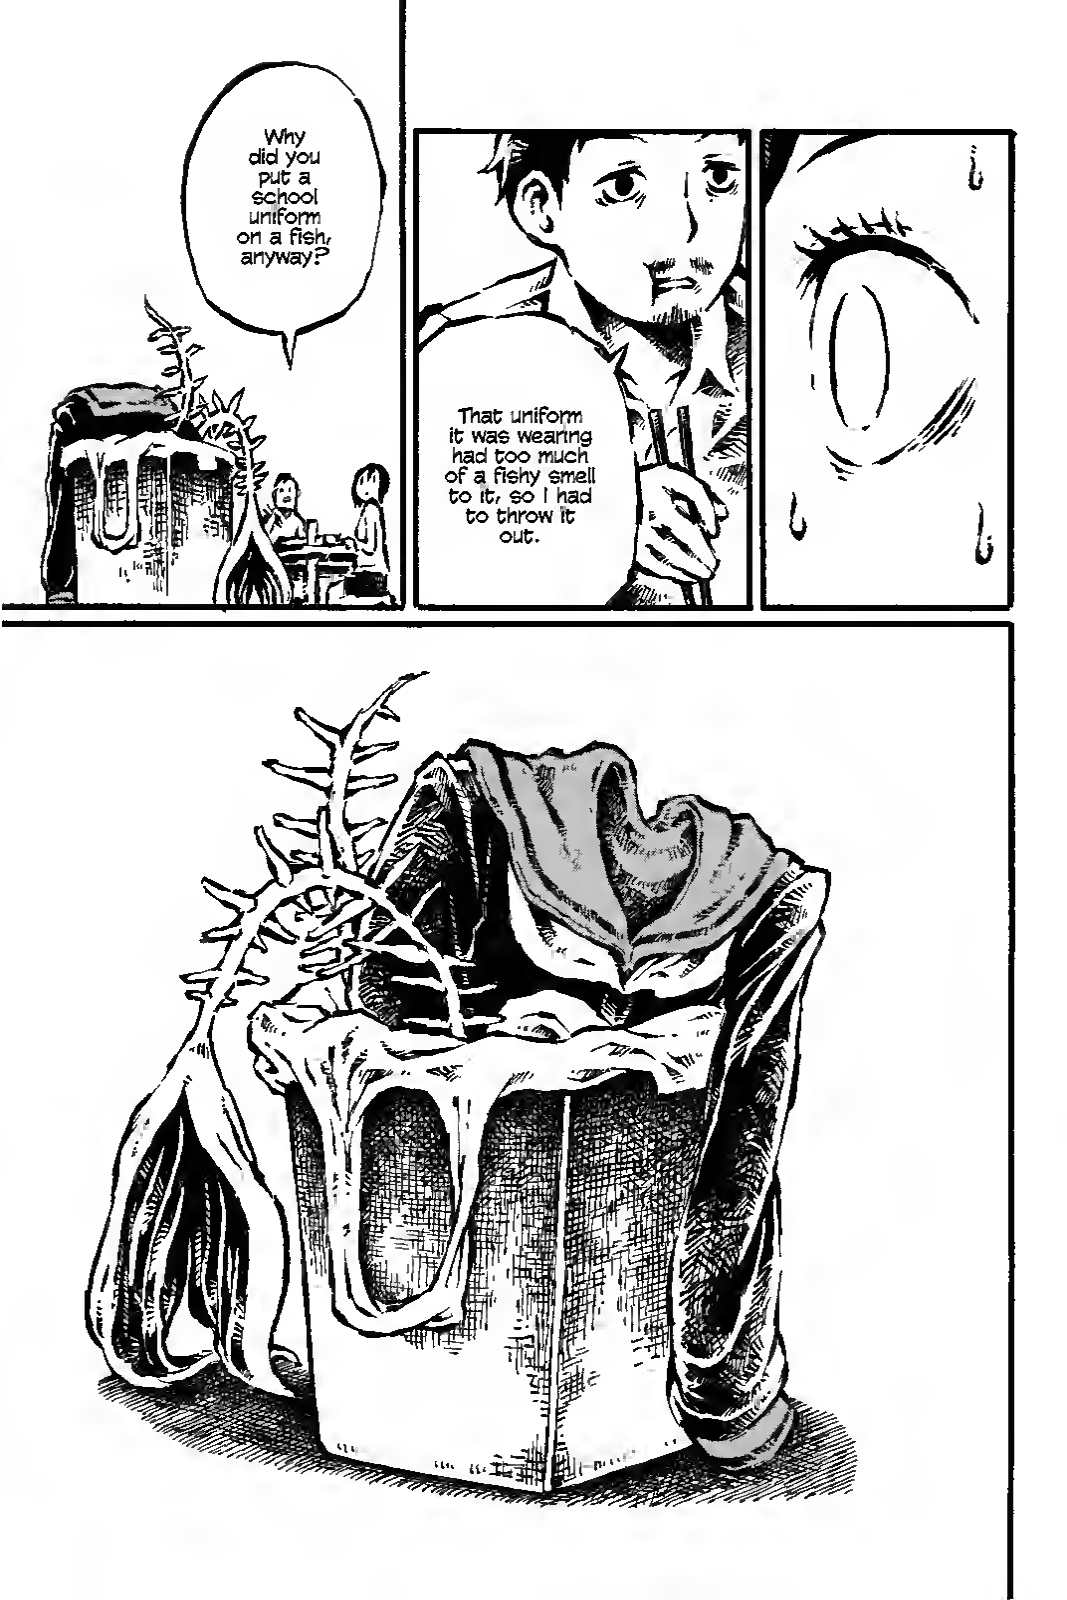
What are you talking about?
?
You're the one who bought this fish, right?

Is this to celebrate something good that happened today?



It really surprised me when I opened up the fridge and found that huge fish stuffed inside.

Eh?



Why did you put a school uniform on a fish, anyway?
That uniform it was wearing had too much of a fishy smell to it, so I had to throw it out.

I just wasn't able to get away.
I'm really sorry!
My parents made me help out at the shop the second I got home!

Your dad, too?
And the mermaid sashimi made you sick?
Yeah... We've been fighting for the bathroom all day...

Especially at a time of year like this, when it's so cold that it's hard to leave the warmth of your bed.

People like the fishermen, the tofu shop owner...
.....

.....
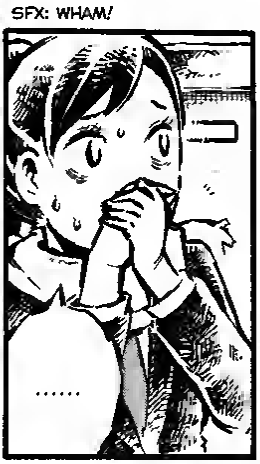
You saw what happened earlier, didn't you?
It's amazing!
Truly amazing!

You see, we had an agreement to meet on that bridge a week before Christmas Eve...
But she didn't show up at all.
That girl...
Well, I'm sure you could tell from her outfit, but...
She's Santa.
Then she finally showed up today, but you know what?
"I've got a boyfriend now, so I'm not going to be Santa anymore."
That's what she told me.
I ended up losing my temper.
She said that she's going to spend Christmas Eve with her boyfriend, so she doesn't have the time to go around delivering presents.
...So, well...

But can you really blame me!?



SFX: WHAM!

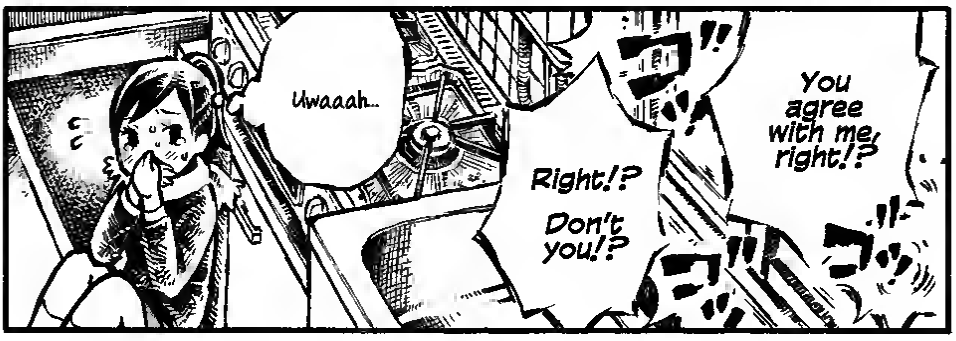
And she wants to trample their dreams into dust just so she can mess around with her boyfriend!
All of the children are looking forward to this holiday...



Uwaaah...
Right!? Don't you!?

You only need to do it tonight...
Just one night is all I ask...
...Oh.
At this rate, the children won't be able to get their presents this year...
Umm...
I'd like to ask you for a favor...

Can you please take Santa's place?

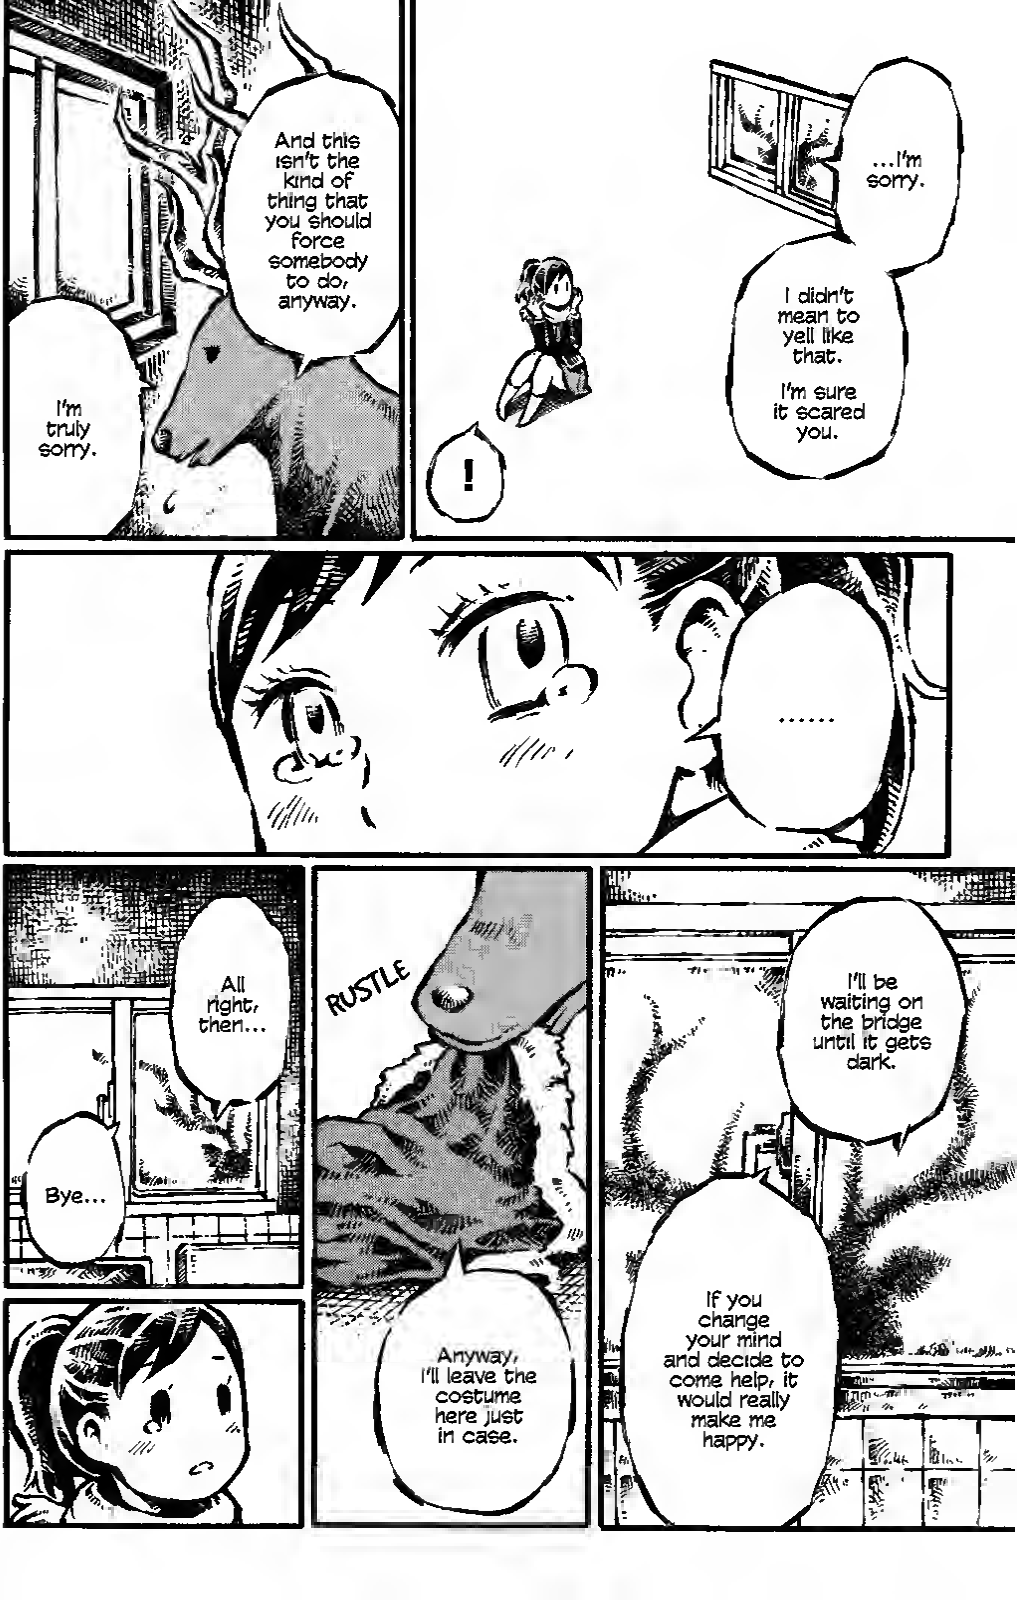
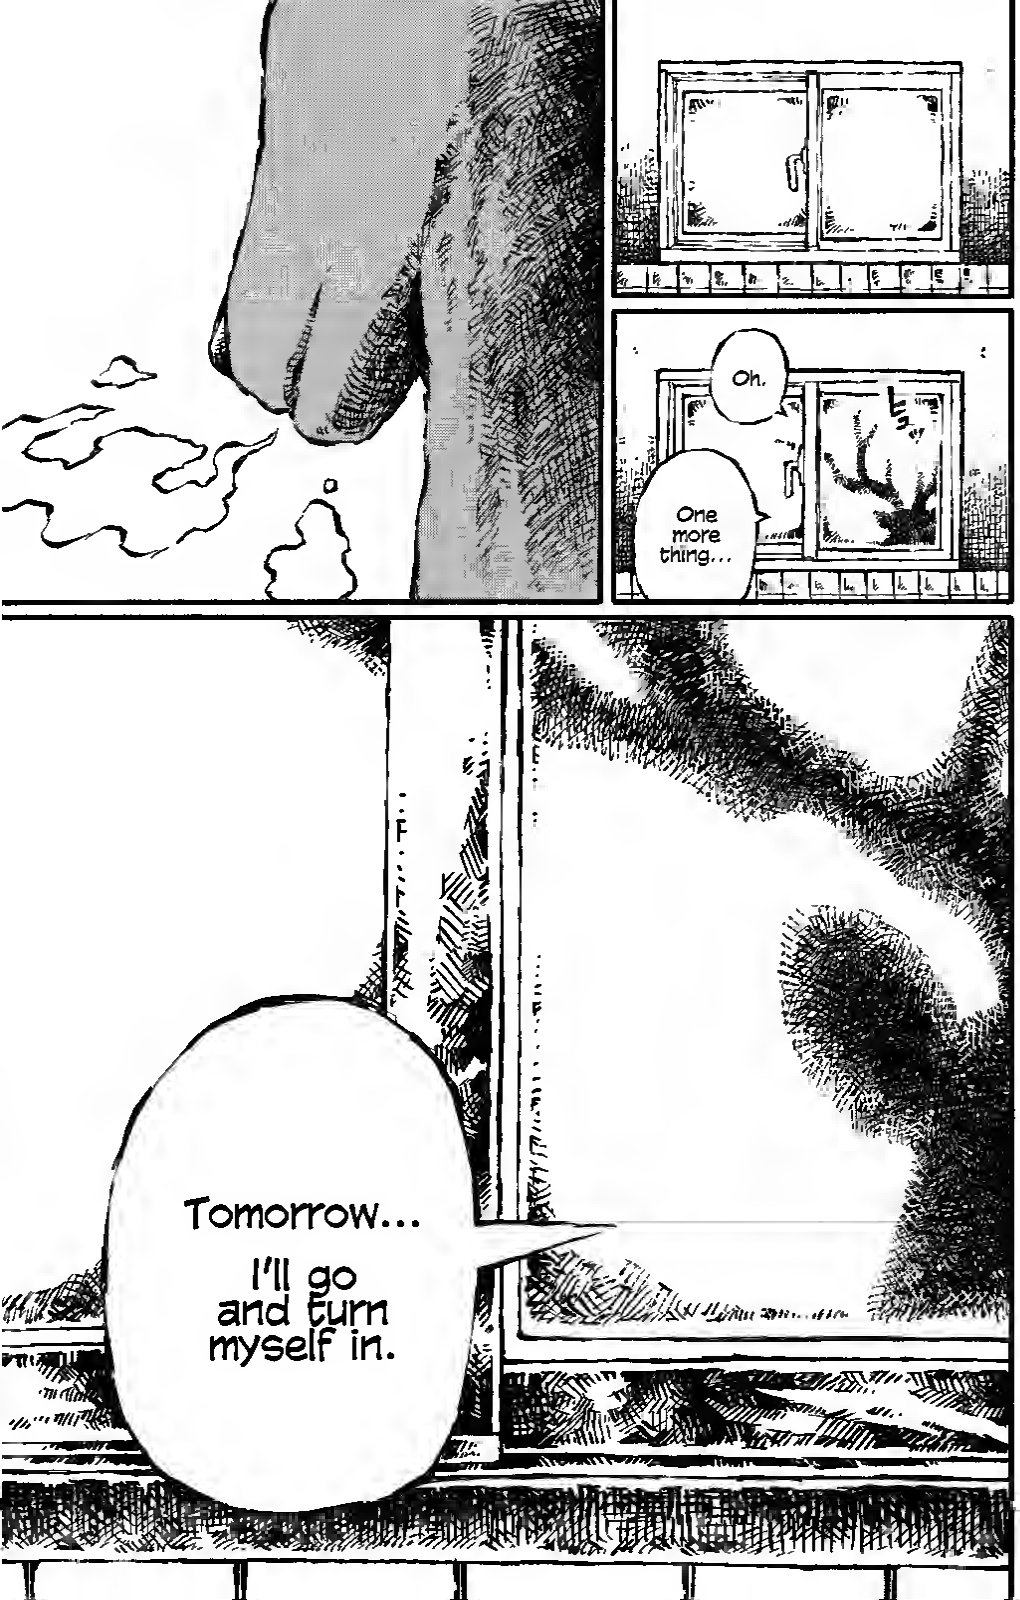
I...
I can't tell him that I don't want to be Santa...
After I just saw him stab that Santa girl!
You're already used to delivering things, so I'm sure that you'll get the hang of it right away.
I don't care how much you want me to do it!
You're scaring me!
I don't want all of those children to be sad on Christmas...
I couldn't bear it...
Don't worry, we should be able to finish before you have to go and deliver papers.
I'm...
I'm begging you!
Please!
I'm asking you!
I can't!
I can't!
Please go away!

Can't you hear me!?
I'm asking for your help, damn it!
Eee-eeek!



I'm truly sorry.
And this isn't the kind of thing that you should force somebody to do, anyway.
!
...I'm sorry.
I didn't mean to yell like that.
I'm sure it scared you.
.....
Bye...
All right, then...
RUSTLE
Anyway, I'll leave the costume here just in case.
If you change your mind and decide to come help, it would really make me happy.
I'll be waiting on the bridge until it gets dark.



Oh.
One more thing...
Tomorrow...
I'll go and turn myself in.

...He's the real thing, isn't he?
He's not some store employee wearing a costume...
He really is Santa's reindeer...

I've never worn anything like this before.

I've decided to leave this town.
That doesn't have anything to do with me.
What?
SPLASH

SPLASH
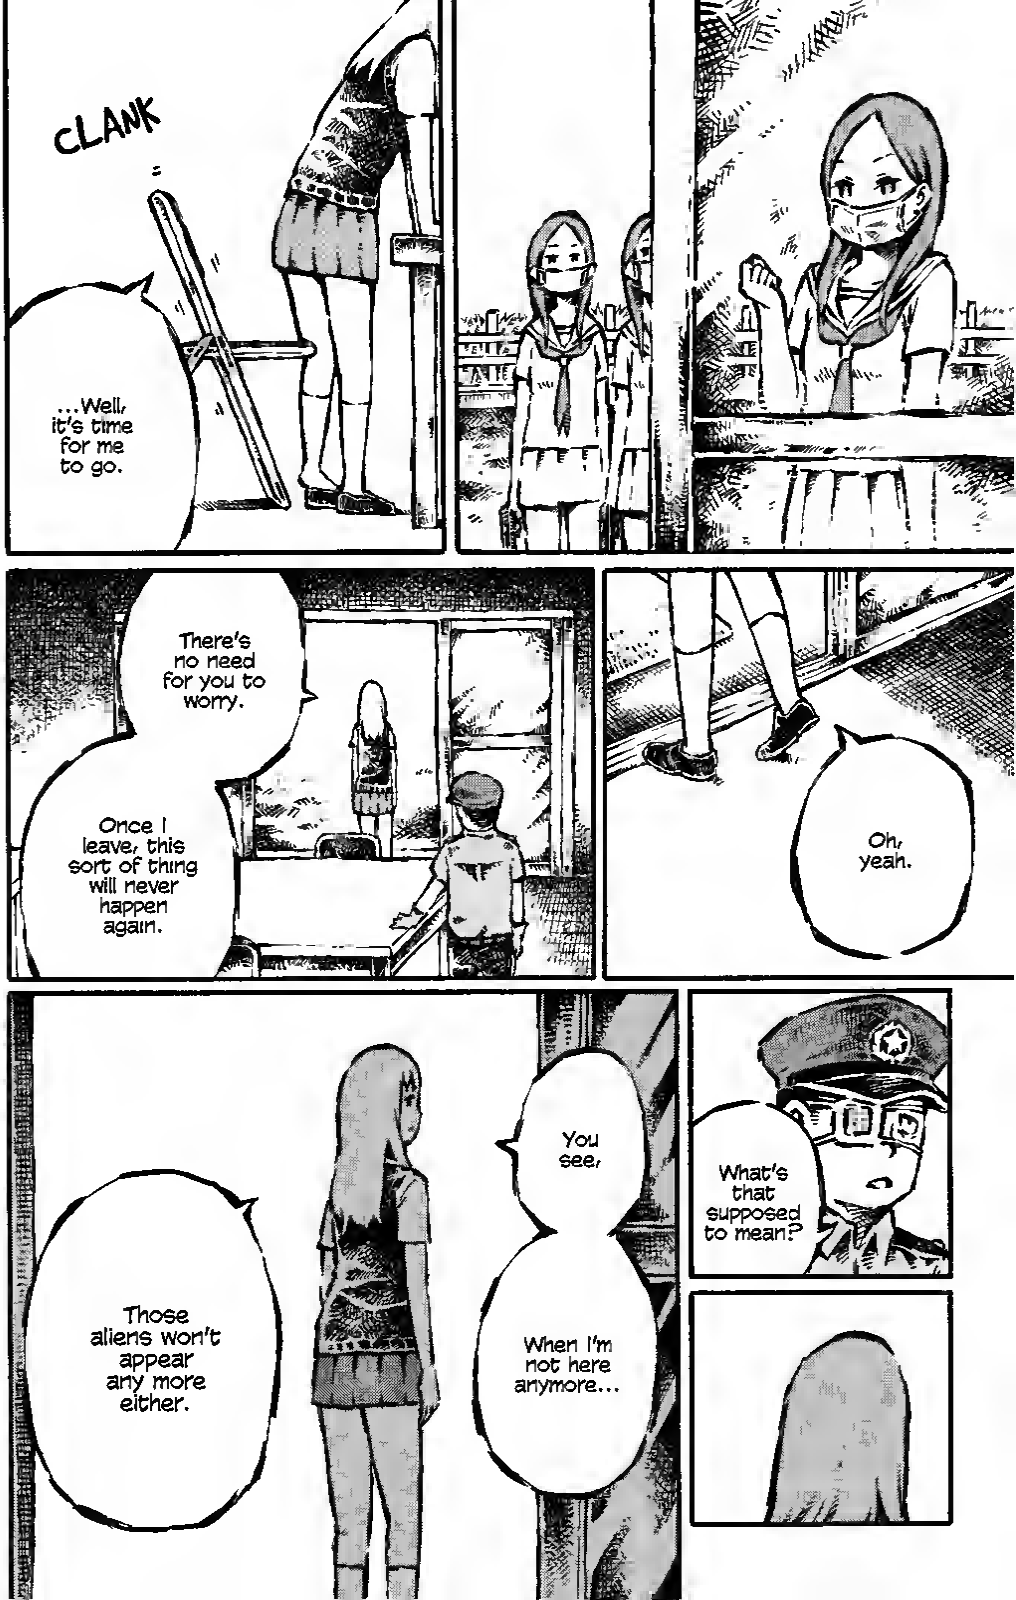
Tired of nobody believing me...
Tired of myself for wanting so badly to be believed...
I'm tired...

You'll have to take care of this town from now on, officer.
I don't want to do anything anymore.
I didn't know she was feeling so overwhelmed...
.....
.....
It doesn't matter anymore...
Umm, you know...
It might be kind of pathetic saying this now, with a situation like this staring us in the face...
But...
Don't worry about it.
Ha, ha.
I believe what you're sayi—

Was that "self-cleaning mechanism"...
The thing that finally pushed you into making this decision?
Well?
Is that about right?
.....
You saw what they were doing, and thought that it didn't matter whether you worked to protect this town or not.
If things get too out of control, the self-cleaning mechanism will go into action and fix everything.
So you decided that this town doesn't actually need you.

There's plenty of reason for you to be here.
Since there's a self-cleaning mechanism in this town...
There's no real reason for me to even be here—
You know, I'm in the same boat.
...Is that an insult?
Anyway...
You're like a "scarecrow" that acts as a deterrant to anything strange or unnatural that could happen in this town.
That's what it means to be a police officer, right?
But your existence has a purpose even if you aren't keeping the peace here.
I have no purpose here if I can't protect this town...
You're not?
In that case, why *are* you leaving?
SIGH
I'm not leaving this town...
Simply because I've lost my reason for being here.

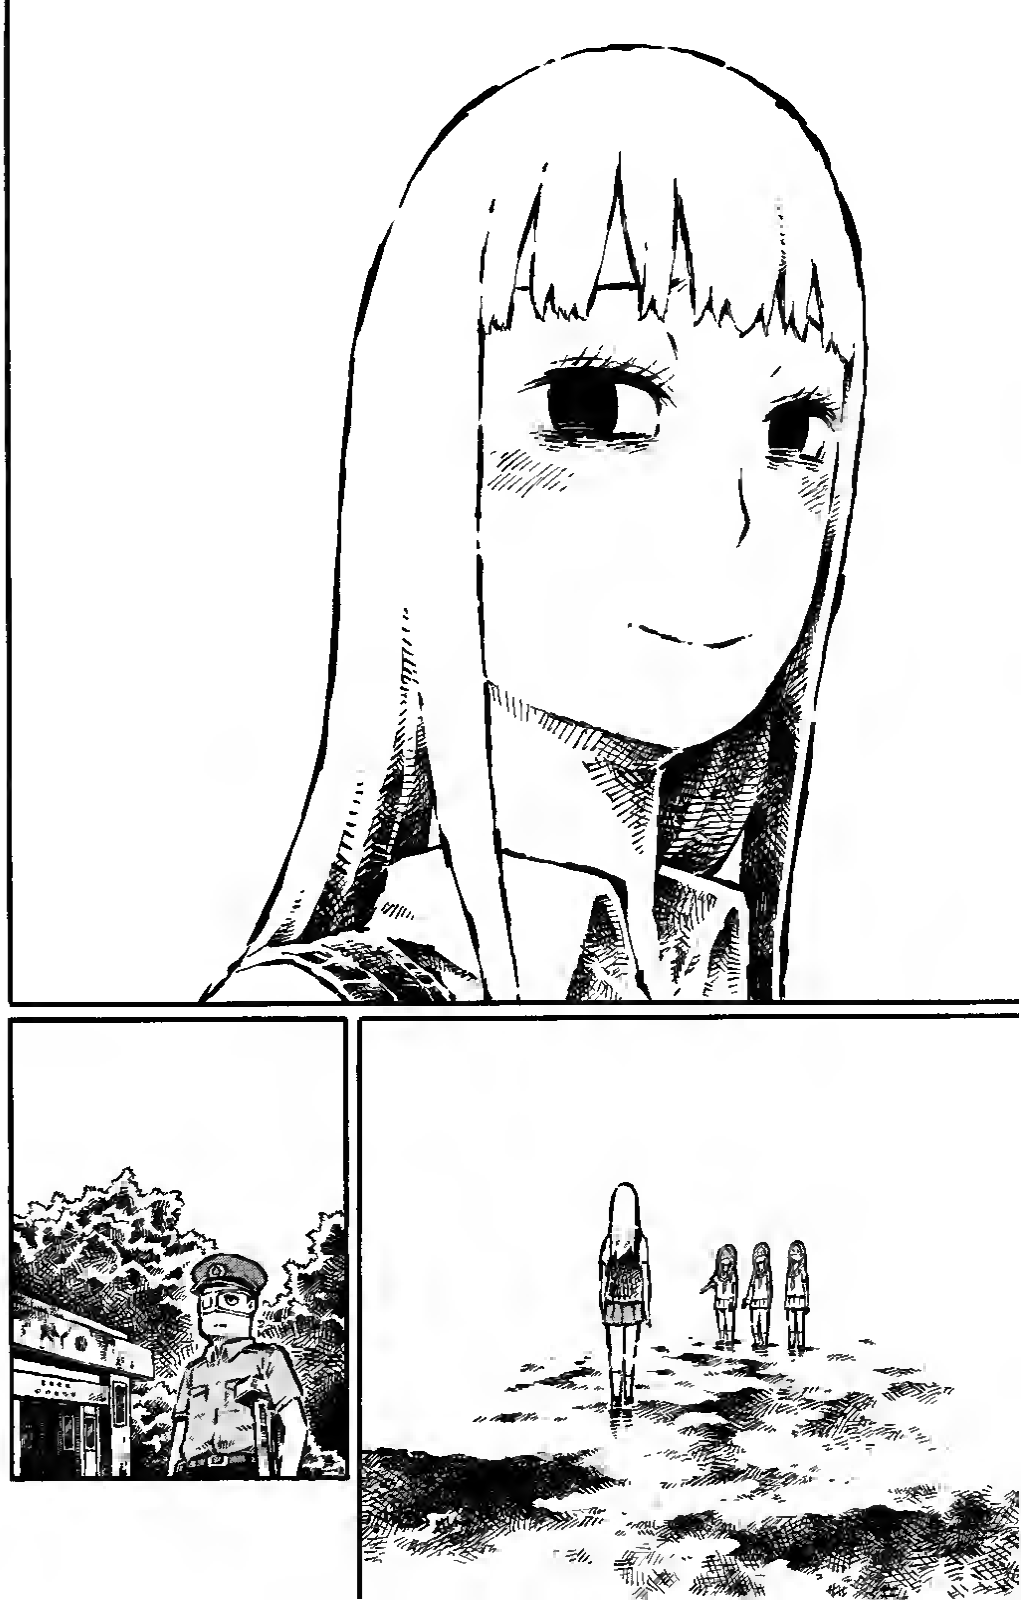
All this time, they'd been pouring out of me...
And I had never even noticed.
Until now, the flow had been light...
But my exhaustion and depression had caused it to swell into a massive torrent.
That was when I finally realized what was happening
I wasn't able to accept it at first...
But now thanks to those self-cleaning mechanism girls, the problem is finally coming under control...
KNOCK
KNOCK
What is she talking about?



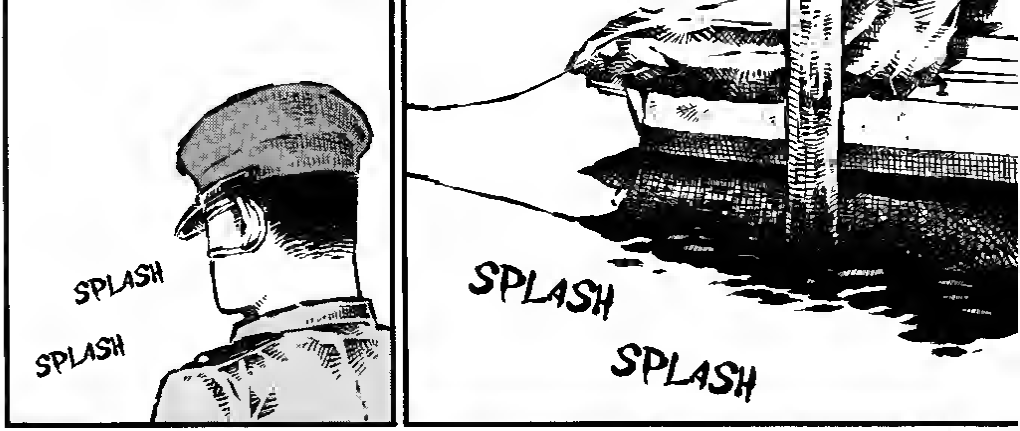
CLANK
...Well, it's time for me to go.
There's no need for you to worry.
Once I leave, this sort of thing will never happen again.
Oh, yeah.
You see,
When I'm not here anymore...
Those aliens won't appear any more either.
What's that supposed to mean?

SQUIRM

SQUISH



With that, she left town.
After she left, the work of the self-cleaning mechanism went even more smoothly...
And the town returned to normal almost overnight.



SPLASH
SPLASH

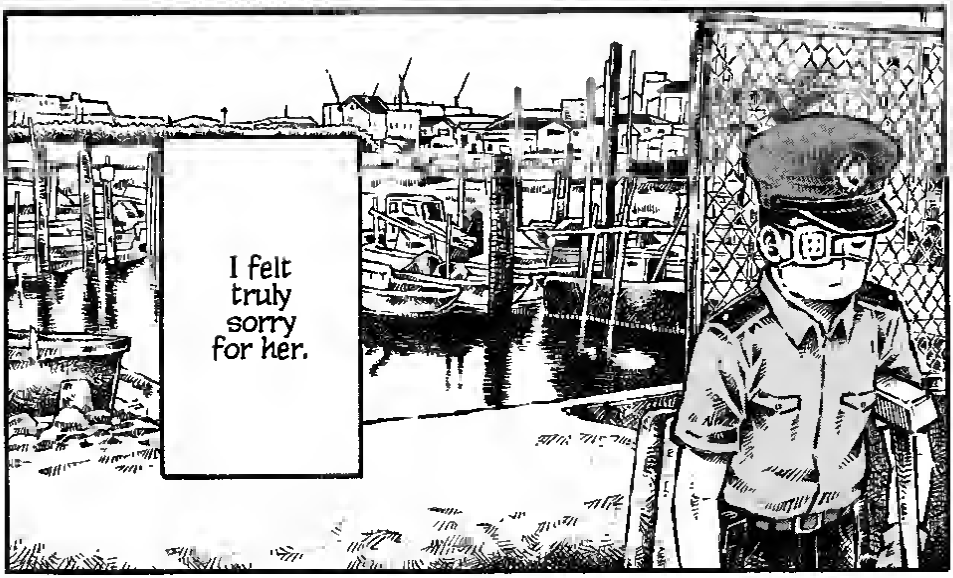
From the very bottom of my heart...
I'm not usually the kind of guy that feels this way, but...



I felt truly sorry for her.
